

## List of side-events

<b>Title</b>	<b>Hosting organization</b>
Making a network of networks work to achieve land degradation neutrality: improving UNCCD stakeholders' use of scientific knowledge	<i>DesertNet International (DNI)</i>
Linking science and economics: maximizing technological uptake for widespread impact on land degradation	<i>Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ)</i>
Combating land degradation in production landscapes for adaptive and resilient livelihoods: learning from GEF projects applying integrated approaches	<i>Global Environment Facility (GEF)</i>
The importance of quantitative soil erosion data: how isotopic techniques can provide evidence for combatting desertification and climate change?	<i>International Atomic Energy Agency (IAEA)</i>
How to encourage innovative capacities to achieve land degradation neutrality?	<i>International Center for Agricultural Research in the Dry Areas (ICARDA)</i>
Large scale land restoration – Creating success	<i>International Center for Tropical Agriculture (CIAT)</i>
The pastoralism and the green economy – a natural nexus? Status, challenges and policy implications	<i>International Union for Conservation of Nature (IUCN)</i>
Knowledge management for sustainable use of resources of natural landscapes promoting an application model of synergy between the Rio Conventions	<i>Ministry of Environment, Brazil</i>
Programa Prosperar – Formulation of a land conservation programme, based on the Brazilian base-zero concept, aimed at recovering the organic structure, bioactivity and the productivity of degraded soils in the Caatinga biome in the state of Pernambuco, Brazil	<i>Ministry of Environment, Brazil</i>
COP12 in Turkey and Turkish experiences on combating desertification	<i>Ministry of Forestry and Water Affairs, Turkey</i>
Circum-Saharan vision for the fight against degradation and for land restoration	<i>Sahara &amp; Sahel Observatory (OSS)</i>
Environmental monitoring and land degradation diagnostic tools in the circum-Sahara region	<i>Sahara &amp; Sahel Observatory (OSS)</i>
The use of satellite data to measure and monitor land degradation over time at multiple scales	<i>Scientific and Technical Advisory Panel of the Global Environment Facility (GEF/STAP)</i>
The quest for resilience indicators – A resilience assessment framework	<i>Scientific and Technical Advisory Panel of the Global Environment Facility (GEF/STAP)</i>
Global Land Outlook	<i>United Nations Convention to Combat Desertification (UNCCD)</i>
Achieving Land Degradation Neutrality, how do we do it?	<i>United Nations Convention to Combat Desertification (UNCCD)</i>
Knowledge and knowledge transfer: The UNCCD Scientific Knowledge Brokering Portal (SKBP)	<i>United Nations Convention to Combat Desertification (UNCCD)</i>
Civil society and technology: research and uses	<i>UNCCD CSO Panel</i>
WOCAT - A knowledge management platform goes new	<i>World Overview of Conservation Approaches and Technologies/ Centre for Development and Environment, University of Bern (WOCAT/CDE)</i>
Sustainable Land Management in the Mining Sector	<i>The Global Mechanism of the UNCCD</i>
